

JANA ALMULHEM

Extracurricular Activities Profile | University Application

Grades 9-12 | Leadership • Initiative • Global Engagement • Community Impact • Sustained Commitment

Profile. A student leader whose strongest commitments connect leadership, global engagement, engineering and AI, community service, communication, and competitive athletics. The activities below are intentionally grouped and prioritized to emphasize sustained commitment, initiative, leadership, cross-cultural engagement, and measurable impact.

1 Student Leadership & School Impact

Student Council President; AGS Graduation Committee Member | 2026-Present

Elected by the student body as Student Council President, representing student interests and working with school administration on student engagement, athletics, school spirit, leadership opportunities, and community involvement. Selected to help plan senior-year experiences, graduation activities, student events, and yearbook development.

2 Model United Nations Leadership & Global Engagement

Secretary-General (Head of Operations), AGS MUN; Founder, Middle School MUN Initiative; Conference Chair; International Delegate | 2025-Present

Progressed from the first Grade 10 student selected among six executive members to Junior Executive Officer and Secretary-General. Leads delegate training, conference organization, and club operations; founded the expansion of AGS MUN into Grades 7-9; chaired two in-school conferences; and participated in seven international MUN conferences, strengthening diplomacy, negotiation, research, and public speaking.

3 Cancer Awareness Research & OncoAI

Independent Researcher & Author; Founder & Developer, OncoAI by Jana | Current

Designed an independent cancer-awareness study with approximately 200 responses, analyzed barriers to early detection, and authored a research paper. Building OncoAI, an AI-powered healthcare platform focused on symptom awareness, personalized risk education, and accessible screening guidance. The app is currently in development, with a planned public launch.

4 Community Service & Humanitarian Initiatives

Founder, Jana's Island Renewal Initiative; Breast Cancer Awareness Event Organizer; POD & Community Volunteer | Grades 9-12

Led 30+ volunteers in removing 40+ kg of plastic and marine waste from Lulu Island. Organized a breast-cancer-awareness football match, managing fundraising, volunteers, promotion, and logistics and raising approximately AED 6,000 for Pink Caravan. Also supported People of Determination athletes through weekly cycling activities and volunteered in cultural and Ramadan community initiatives.

5 Competitive Athletics & Team Leadership

Football Captain; 2x MVP; Football, Muay Thai & Equestrian Athlete | Ongoing

Served as captain across school and club football teams and received consecutive AGS Best Player awards. Competed for AGS U13, U15, and U19, trained with LaLiga Academy UAE, and attended La Masia Barcelona Summer Camp. Also trains in Muay Thai and competitive equestrian sport, demonstrating long-term discipline, resilience, teamwork, and leadership.

6 Engineering, STEM & Artificial Intelligence

CubeSat Engineering Project; STEM Club; AI Training | Grades 9-12

Designed and built a functional CubeSat prototype integrating power management, environmental sensing, GPS tracking, wireless communications, and onboard data storage. Participates in STEM and engineering activities and completed specialized artificial-intelligence training covering AI, machine learning, and emerging technologies.

7 Student Media, Journalism & Podcasting

Founder, AGS School Newspaper; Founder & Host, Future Talks with Jana; Social Media Manager | 2025-Present

Founded and led the AGS School Newspaper to highlight student achievements, opportunities, events, and community initiatives. Created and hosts Future Talks with Jana, a student-led podcast on leadership, entrepreneurship, innovation, volunteerism, and youth impact. Also manages content, branding, photography, videography, and audience engagement for student and awareness platforms.

8 Academic Writing, Research & Competitions

Essay Competition Participant; SARC Researcher | Grades 9-12

Participated in the Harvard Global Essay Competition, Yale International Relations Essay Competition, Oxford Royale Essay Competition, and Emirates Literature Foundation competitions in English and Arabic, producing 4,000+ words of analytical and argumentative writing. Conducted SARC research on the legal and psychological impact of AI-generated deepfakes on evidence, misinformation, and public trust.

9 Professional & Entrepreneurship Development

Marketing Intern & Project Assistant; Cambridge Business & Entrepreneurship Program; Investment & Startup Training | 2025-Present

Completed a 3-week Winter 2025 internship and a 2-month Summer 2025 internship at 9Yards Media & Marketing, gaining hands-on experience in branding, content creation, photography, social media strategy, and project coordination. Also completed entrepreneurship, leadership, finance, investment, and startup-development training.

10 Academic Mentorship & School Representation

Math Tutor; Nova Scotia & ADEK Representative; Global Day Representative | Grades 9-12

Provided mathematics support to Grade 9 students during school breaks; two students improved from approximately 60% to consistently around 90%. Selected to represent AGS during official Nova Scotia and ADEK delegation visits and represented Syrian culture during Global Day through presentations and engagement activities promoting cultural understanding.

Additional Information / Supporting Involvement

Additional involvement includes competitive equestrian training, dance team participation, cultural and museum volunteering, Spanish-language study (2024-Present), and other school-based STEM and communication activities. Supporting certificates, photographs, videos, and school verification are available for many activities.

Academic Context

Academic Excellence recognition for maintaining approximately 96-98% averages in Grades 9 and 10, with Grade 11 pending, while balancing leadership, athletics, research, and community service.

Application Preparation Note

This profile is designed as a concise university-application activity summary. Final Common Application entries should use the exact grade levels, hours per week, weeks per year, and participation dates confirmed by Jana and her school. Planned or in-development work should remain clearly labeled as such.
